ENCC Impact Report

Objective: To evaluate year-over-year trends in attendance and feedback across conferences held in London, Toronto and DC.

[2025 ENCC London Survey Report]
[2025 ENCC Toronto Survey Report]
[2025 ENCC DC Survey Report]

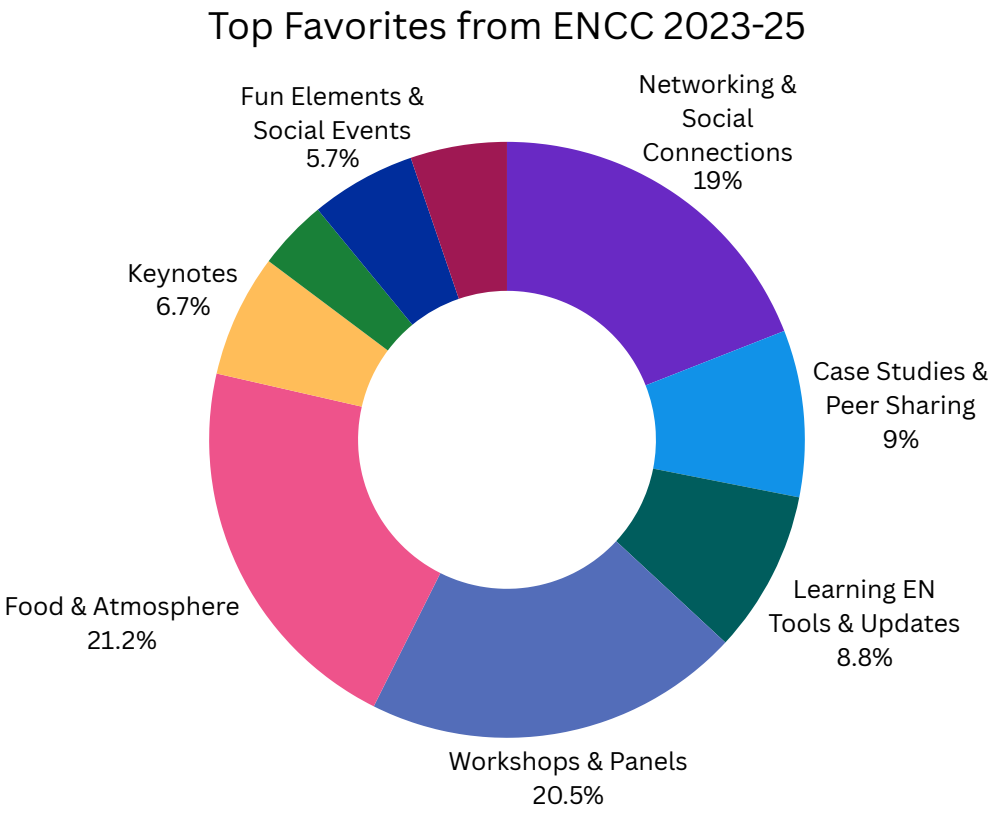

Year-over-year Percent Change in Attendance:

Year	Toronto	London	DC
2023	30.0%	27.0%	–
2024	53.9%	21.3%	18.50%
2025	0.0%	26.6%	16.16%

TORONTO

Note: Total shown here reflect only available data and may under/overrepresent actual in-person attendance. Source: [AttendanceType_ENCC_2023-2025]

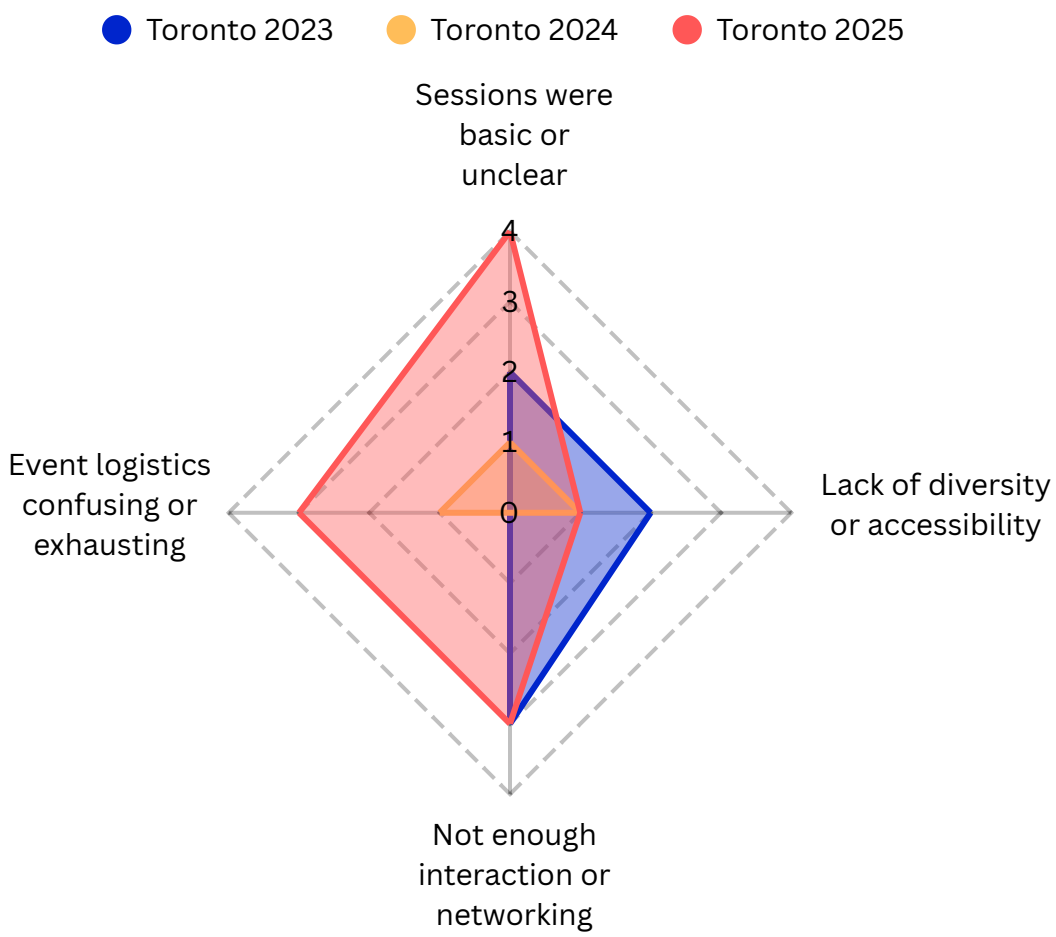

Average Feedback Scores from **Toronto** Surveys

Year	Satisfaction	Usefulness	Likely to Return	Total Respondents
2023	4.6	4.7	4.6	9
2024	4.6	4.6	4.6	7
2025	4.2	3.9	4.3	**17**

Scores seem stable until they drop slightly in 2025.

- **Usefulness** decreases (−0.7), the largest drop across all metrics, mirroring the rise in **content-related** complaints in 2025.
- Audience shift: 31% **Prospects** in 2025 compared to 7% in 2024.

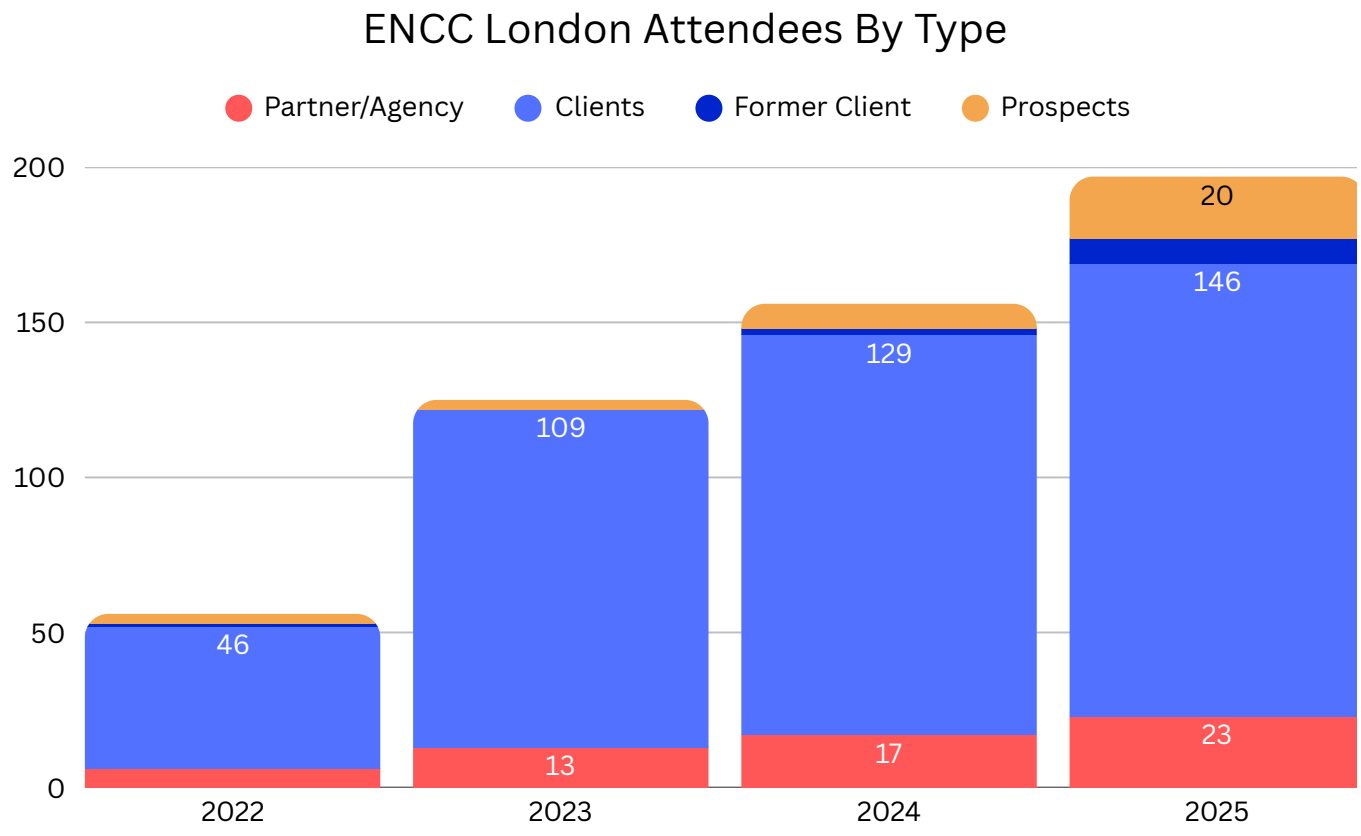

Toronto: Common Suggestions and Frequency

Toronto 2023
Toronto 2024
Toronto 2025
Sessions were basic or unclear
Lack of diversity or accessibility
Not enough interaction or networking
Event logistics confusing or exhausting
4
3
2

0

Common Theme	2023	2024	2025	Examples Quotes
Sessions were too basic or unclear	2	1	4	2023: “Felt like it should be an intro track and an experienced track” 2024: “more advanced seminars for more advanced professionals” 2025: ”Better session descriptions that explain what level the session is intended for.”
Lack of diversity or accessibility	2	1	1	2023: “Honestly, it was really off putting to see that level of homogeny [regarding speakers]” 2024: “I have low vision. Can the names on the badges be bigger?” 2025: “Communication at the event. I could not download the app so it was harder for me to know what was going on.”
Not enough interaction or networking	3	0	3	2023: “Maybe smaller working groups rather than just a main stage” 2025: “More interactive”
Event logistics confusing or exhausting	0	1	3	2024: “breakout room placement may have been hard for some folks to understand that there were multiple sessions” 2025: “Some sessions were rushed due to some going over time”
Food options lacking	0	2	0	2024: “The food the first day was not that great. I'd recommend more buffet style rather than so much packaging…”

LONDON

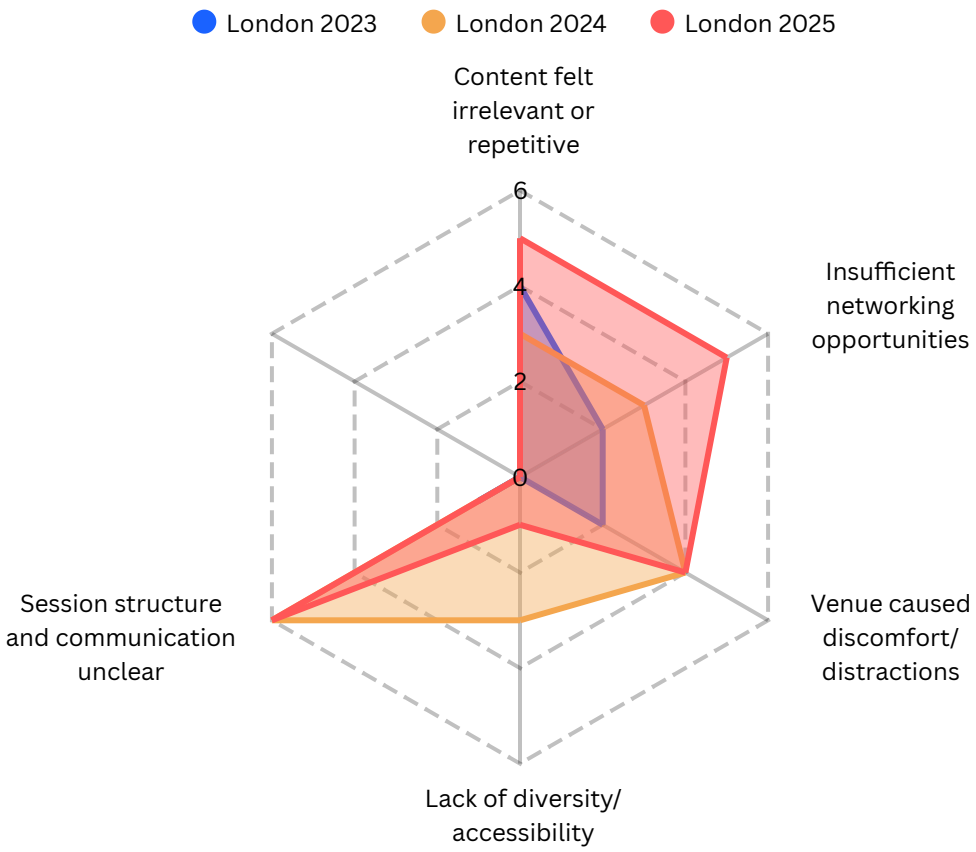

Note: Total shown here reflect only available data and may under/overrepresent actual in-person attendance. Source: [AttendanceType_ENCC_2023-2025]

Average Feedback Scores from **London** Surveys

Year	Satisfaction	Usefulness	Likely to Return	Total Respondents
2023	4.1	4.4	4.6	7
2024	3.7	3.9	4.0	21
2025	4.4	4.4	4.5	34

London: Common Suggestions & Frequency

London 2023
London 2024
London 2025
Content felt irrelevant or repetitive
Insufficient networking opportunities
Venue caused discomfort/ distractions
Lack of diversity/ accessibility
Session structure and communication unclear
6
4
2
0

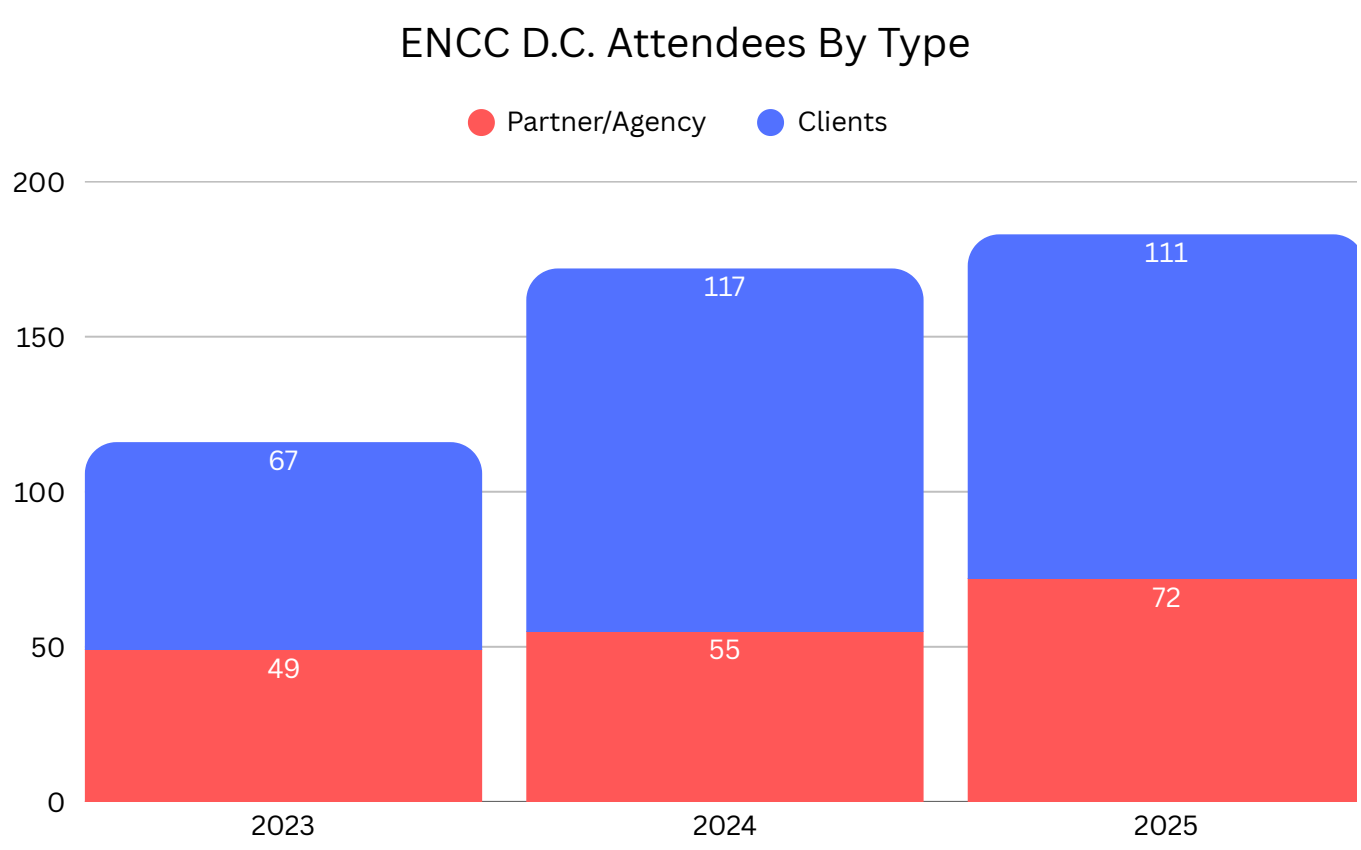

Common Theme	2023	2024	2025	Example Quotes
Content felt irrelevant or repetitive	4	3	5	2023: “some fresh voices and new ideas would be appreciated…” 2024: “didn't really see many sessions which tied campaigns directly to EN and how it can be used” 2025: “More reflective and collaborative, beyond just the technical and case studies…”
Insufficient networking opportunities	2	3	5	2023: “More time for networking, maybe a couple of sessions fewer” 2024: “maybe thinking about using a model like action learning sets so people can come together to reflect and discuss challenges” 2025: “more time to chat with Engaging Networks staff. Perhaps in the future they could circulate more?”
Venue caused discomfort/ distractions	2	4	4	2023: “The acoustics of the event space made hearing many of the speakers a challenge” 2024: “It was quite cold and it got noisy when the door to the foyer was open” 2025: ”There were very limited places to sit for lunch”
Poor food quality	0	8	1	2024: “given most people ended up eating the vegan food, could the event not be a fully vegan one?” 2025: “Breakfast and afternoon snacks were not very vegan friendly”
Lack of diversity/ accessibility	0	3	1	2024: “From an access perspective, it would be good to know exactly what each breakout sessions entails, to plan ahead” 2025: “so some success stories from the smaller ones [charities] would be good next time”
Session structure and	1	6	6	2023: “days are too long! Or 2 days is too many!”

communication unclear				2024: “the breakout sessions could've done with a bit more structure... e.g. with a set agenda/activity for people to work on in groups” 2025: “Clear tracks for different themes: strategy, tactics and case studies, training”

Source: Compiled Survey Data_London (2023-2025)

- There might be a connection to a rise in **content** and **session structure** complaints with **rising attendance size** in the London conferences.
  - Content was frequently described as repetitive or basic.
  - There is a need for **improved event logistics, networking, and accessibility** to accommodate larger, diverse audiences.

D.C.

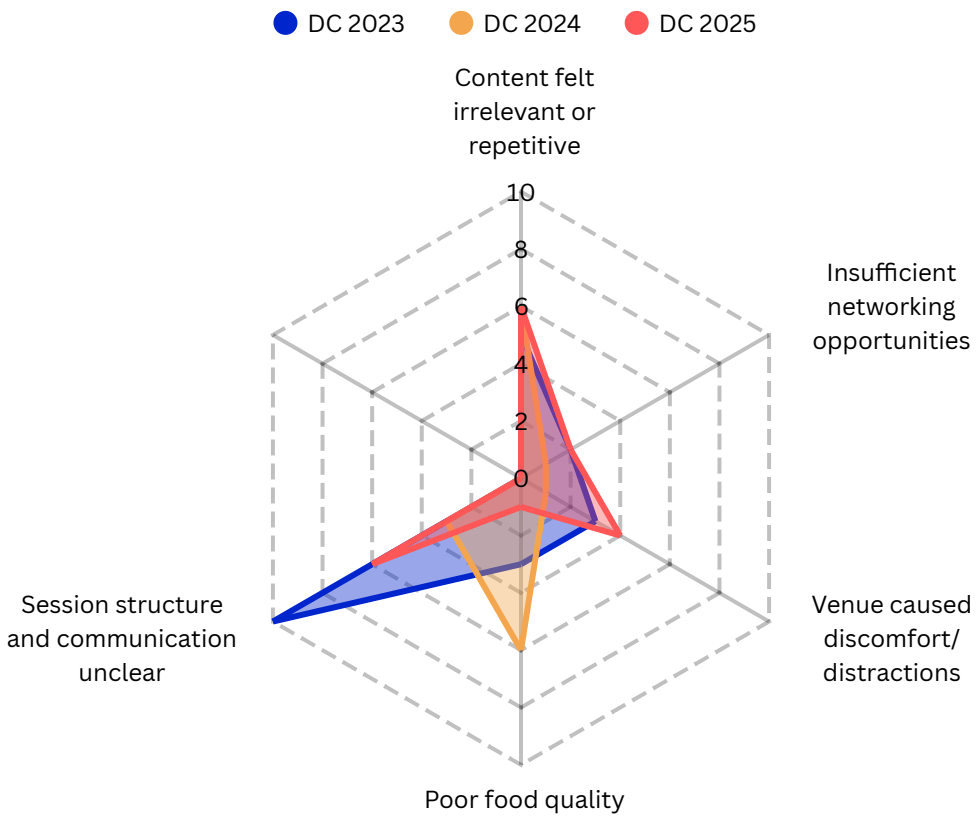

Note: Total shown here reflect only available data and may under/overrepresent actual in-person attendance. Source: AttendanceType_ENCC_2023-2025

Average Feedback Scores from **D.C.** Surveys

Year	Satisfaction	Usefulness	Likely to Return	Total Respondents
2023	4	4.2	4.2	17
2024	4.6	4.5	4.5	15
2025	4.7	4.6	4.7	36

D.C: Common Suggestions & Frequency

Common Theme	2023	2024	2025	Example Quotes
Content felt irrelevant or repetitive	5	6	8	"A lot of the presentations on Day 2 were very surface-level" (2024); "Too many presenters spent too much time talking about their org mission" (2025)
Insufficient networking opportunities	2	1	2	"It would be nice if there were more opportunities to network" (2023); "More social activities to connect with a bit more structure" (2025)
Venue caused discomfort/ distractions	3	1	4	"The main room was incredibly warm almost to an unpleasant state" (2023); "There was too much noise drifting in to the main speaker room" (2024)
Poor food quality	3	6	1	"Had to make do with snacks" (2024); "PLEASE serve protein. Lentils, beans, tofu..." (2025)
Session structure and communication unclear	10	3	5	"Navigation (for the breakout rooms...)" (2023); "sessions too short, no time for Q&A" (2025)
